Folk D. - Til ovenstående med jⁱ
følj, at jⁱ efterhånden er bleven vant
til at beregninger ikke slår til, og mit
billedningsarbejde synes at trække ud,
så jⁱ er bleven bange for, at det først
bliver længe kun på vinteren, at vi
kan begynde voven. Men det første
der er at gøre, det er at l^o sagen ordent
med Arkitektkomiteen, for det er sket,
står det hele hen i det uvisse, og den
må jo også have tid til sine overvejelser.
Da jⁱ føler det som, at vi er kommet til
forståelse ang. vort indbyrdes forhold,
beder jⁱ den derfor ikke tøve længe
med deres overvejelser, end de finder
nødvendigt; så vi om ikke længe kan
forlægge Arkitektforeningen sagen.

På overslaget er billederne regnede til 30 $\square$
 med bort er de næsten 36 "
 Uden bort " " " 27 "

Borten er så nem at væve, så 30 R'er ikke meget galt, men noget i det. Om Løfthøjder kan der ikke blive Tale ud over, at 1 Krone damer rykker op til at få 2 Kr.

Med andre ord, jeg tror ikke at 30000 Kr. vil række helt til. De 1500 som er beregnet til forskelligt, er ikke nok.

Froben Dahlerup har udfanget ideen til Christiansborgs vævninger og gjort et stort forarbejde. "Mö i Ormen" så det er rimeligt at hun får 450 Kr om måneden, (helst udenregnet til timebetaling) og de regelmæssige ferier. Foruden sit vævearbejde, søger hun for, at der alle tider er tiltrækkeligt gavn af de farver som tiltrænges, bonitetens godkendelse af mig? Hun kaldes teknisk Hjelpeleder for B.M. Lange fins regnskab. Dahlerup m. V. den Høje og den lille ant Georgia er min repræsentant og holder mig underrettet. Da jeg selv er leder kan der ikke være anden virkelig leder. J. antager af afstødte væverne, med bestemt oplyselsesprist.

Jeg gior ud fra, at Christiansborg giver varme, lokalet, ly og
umboldelse

De må forstå, at jeg hellere end gerne vilde have en guldskål
at øse af, og jeg har lige fra begyndelsen taget sigte på, at vandsaumerne blev
ordentligt betalt, men tiderne har taget magten fra mig, og jeg har ingen
guldskål, men en Kommoder, som også må tage tiderne i betragtning, og så
må jeg forsiige alligevel at gennemføre arbejdet.

Når dette kan sættes i gang, har jeg i virkeligheden ingen mening
om i øjeblikket, meget afhænger jo af, når Arkitektet Jørgensen
kan skrive til Aarhus, og når de svarer. Alligevel først og fremmest af
når vi bliver enige.

Dato: Rosenvang 7/2 1920
